EVENT TECHNICIAN | EVENT PRODUCTION

LOCATION: Wokingham, UK

SALARY: £20k - £24k (dependant on experience)

START DATE: Immediate

HOURS OF WORK: 160 Hours/Month + Paid overtime

SUMMARY

Due to our expansion and strong client base, there is now a fantastic opportunity to expand our team. We are looking for a Event Technician who will work together well with our existing team to help deliver some exciting production and event projects.

THE COMPANY

We are a live event production and equipment rental company who supply a wide range of production services to the live events industry across the UK and overseas. This is a fantastic opportunity to join our existing team, combining your practical knowledge and skills, within this 'one stop' event service for high profile corporate and private events.

THE ROLE

You will be working closely with project managers, the warehouse manager and other technicians executing the delivery of key projects. You will be mainly working on-site in a client facing role and therefore expected to always represent the Company in the best light. You will be expected to be flexible and adapt to the changing needs of the client during their event. As a production technician, you will maintain a high level of knowledge and understanding of our technical equipment, regular venues, clients and working practises. Some of our current projects include music festivals, illuminated trails, award ceremonies, and conferences for a range of different clients. Other duties will include:

- Hands on preparation of equipment - audio, lighting, video & staging
- Help with technical solutions to issues raised by the Project Managers or Sales team.
- Programming and operating equipment in line with the client brief.
- Loading / unloading of vans and trucks
- Ensuring all equipment is kept clean and well presented
- Maintain high customer service levels with the client on and off-site.
- Install and de-rig equipment as directed by the on-site Manager or as per the event brief / instructions provided by the sales team.
- Keep up to date with new or emerging techniques or equipment usages, including undertaking training.

THE CANDIDATE

The successful candidate(s) must be able to work well in a team, be prepared to learn a broad knowledge of audio, lighting, and video equipment and have a flexible work ethic including working weekends. Due to our motor vehicle insurance, our ideal candidate(s) will be aged over 21 with a full UK driving licence, but not essential.
