## WAREHOUSE OPERATIVE | EVENT PRODUCTION

LOCATION: Wokingham, UK

SALARY: £17k - £20k (dependant on experience)

START DATE: Immediate

HOURS OF WORK: 160 Hours/Month + Paid overtime

### SUMMARY

Due to our expansion and strong client base, there is now a fantastic opportunity to expand our team. We are looking for a warehouse operative who will carry out general warehouse duties, equipment preparation, and some collections & deliveries.

### THE COMPANY

We are a live event production and equipment rental company who supply a wide range of production services to the live events industry across the UK and overseas. This is a fantastic opportunity to join our existing team, combining your practical knowledge and warehousing skills, within this 'one stop' event service for high profile corporate and private events.

### THE ROLE

You will be working closely with the warehouse Manager and other Production Technicians to help prepare and deliver the equipment needed for a broad range of events. These often include outdoor lighting, staging, award ceremonies, and conferences for a range of well-known clients.

- Hands on preparation of equipment - audio, lighting, video & staging
- Checking in and testing equipment returned from hire
- Ensuring all equipment is kept clean and well presented
- Ensuring workspaces are kept in clean and orderly condition
- General service, maintenance, and repair of equipment
- Loading / unloading of vans and trucks
- Equipment collections & deliveries

### THE CANDIDATE

The successful candidate(s) must be able to work well in a team, be prepared to learn a broad knowledge of audio, lighting, and video equipment and have a flexible work ethic including working occasional weekends. Due to our motor vehicle insurance, our ideal candidate(s) will be aged over 21 with a full UK driving licence, but not essential.

If you are looking to progress your career within this well-established company that can offer a great working environment, fantastic training opportunities and career progression then apply now!
